

## The Sun Patient Support Program for

### Providing support services for you and your patients

PrILUMYA<sup>®</sup> (tildrakizumab injection) is indicated for the treatment of adult patients with moderate-to-severe plaque psoriasis who are candidates for systemic therapy or phototherapy.

Please consult the Product Monograph at [info.ilumya.ca/Product\\_Monograph](http://info.ilumya.ca/Product_Monograph) for important information relating to contraindications, warnings, precautions, adverse reactions, drug interactions, dosing information and conditions of clinical use, which has not been discussed in this piece.

The Product Monograph is also available by calling our medical information department at 1-844-924-0656.

# Available every step of the way

The Sun Patient Support Program for ILUMYA® has been designed with one goal in mind – to help simplify the treatment journey. The program provides a wide range of support services, including:

## A one-business-day communication pledge

- o You and your patients will have access to a dedicated Case Manager who will be your single point of contact
- o Your Case Manager will welcome you to the program and help answer any questions you may have about ILUMYA®

## An easy enrolment process

- o To enrol a patient, simply complete a single-page enrolment form that is compatible with most EMR systems
- o DocuSign can be used for your convenience if acceptable in your province

## Immediate bridging upon enrolment will be initiated in a timely fashion, irrespective of the patient's coverage status

- o Patient reimbursement adjudication:
  - If no coverage is available, compassionate product is provided
  - If the patient's plan has a co-pay requirement, the program will provide assistance and cover the co-pay

## Quantiferon tuberculosis (TB) testing, if not covered by your province

## Self-injection training, if this is the patient's preferred administration option

- o Both in-person and virtual injection training (using secure video conferencing) are available based on your patient's preference
- o An injection training video will be provided as a reference for your patient

## Facilitation of ILUMYA® product delivery to your clinic, if desired

## Post-treatment follow-up call

- o A Case Manager will call the patient after receiving treatment and answer any questions the patient may have

## Offering a one-business-day communication pledge
